Schools 2021

Students should be careful and alert while deciding on an Institute based on their needs and requirements.

Though, the Management education as a career is very much in demand, the most common dilemma faced by the students is how to choose the right Institute. With mushrooming growth of Management education in India, all kinds of institutes came into existence in every nook and corner of the country. Students should be careful and alert while deciding on an Institute based on their needs and requirements. While deciding to join a management institute, students must keep in mind certain important parameters, namely unique pedagogy, campus culture, updated curriculum, faculty, infrastructure, alumni, placements, etc. Students and their families also need to be updated regarding, factors like hostel facilities, cost of education, programmes offered, etc. to help them decide on the right Institute.

With this background, CSR-GHRDC B-School Survey 2021 has come up with the “Ready Reckoner” as an easy reference tool to assist the students and recruiters.

This Ready Reckoner will also help the recruiters/industries to select students for placements as well as for projects according to their requirements.

Ready Reckoner of Top B-Schools

Top Government B-Schools

The table below provides detailed information to benefit the stakeholders, particularly, prospective students seeking admission into B-Schools and recruiters looking for suitable candidates through campus placement. Important information such as availability of hostel, type of programmes offered, availability of Ph.D. programmes, percentage of faculty with Ph.D., mode of entrance test, cost of education, accreditation, etc. of the participating B-Schools have been shown which will facilitate students and recruiters to select an institute according to their choice.
