

Ready Reckoner 2021

A Guide to the Engineering College of Your Choice

By Mekhla Sinha, Executive Director, GHRDC

Students are finding it more and more difficult to select the right institute for them since they have a huge list of institutions to select from. Keeping the above scenario in mind, it has become most imperative for students to be alert while making a choice in selecting the right institute.

In the current scenario where all kinds of Engineering institutions are present in every nook and corner of the country, it is indeed a crucial task for both the aspiring students and recruiters to select the educational institutions according to their needs and requirements for admissions and final placements / projects respectively.

Students are finding it more and more difficult to select the right institute for them since they have a huge list of institutions to select from. Keeping the above scenario in mind, it has become most imperative for students to be alert while making a choice in selecting the right institute. They should be careful and alert while deciding on an Institute based on their needs and requirements. Students must keep in mind certain important parameters while deciding to join a management institute, namely, unique pedagogy, campus culture, updated curriculum, faculty, infrastructure, alumni, placements, etc. Students and their family also need to be updated regarding, factors like hostel facilities, cost of education, faculty quality, accreditation, etc. offered to help them decide on the right Institute.

With this background, CSR-GHRDC Engineering Colleges Survey 2021, has come up with the “Ready Reckoner” as an easy reference tool to assist the students and recruiters.

Ready Reckoner of Top Engineering Colleges

The table below provides detailed information to benefit the stakeholders, particularly prospective students seeking admission into Engineering Colleges and recruiters looking for suitable candidates through campus placement. Year of Establishment, Accreditation (National/International), Tuition Fees (Tuition + Others Fees), Hostel Facility, % of Ph.D. for Core Faculty, Availability of Ph.D./Fellow Programme, Mode of Entrance and whether the Institute is a Government or Private Institution have been shown in the table, which hopefully will facilitate students to select an institute suited to him/her according to individual choice. This will also facilitate recruiters to select an institute for campus recruitment. The Institutes are listed alphabetically.
